Royal Vision

Growth and Development

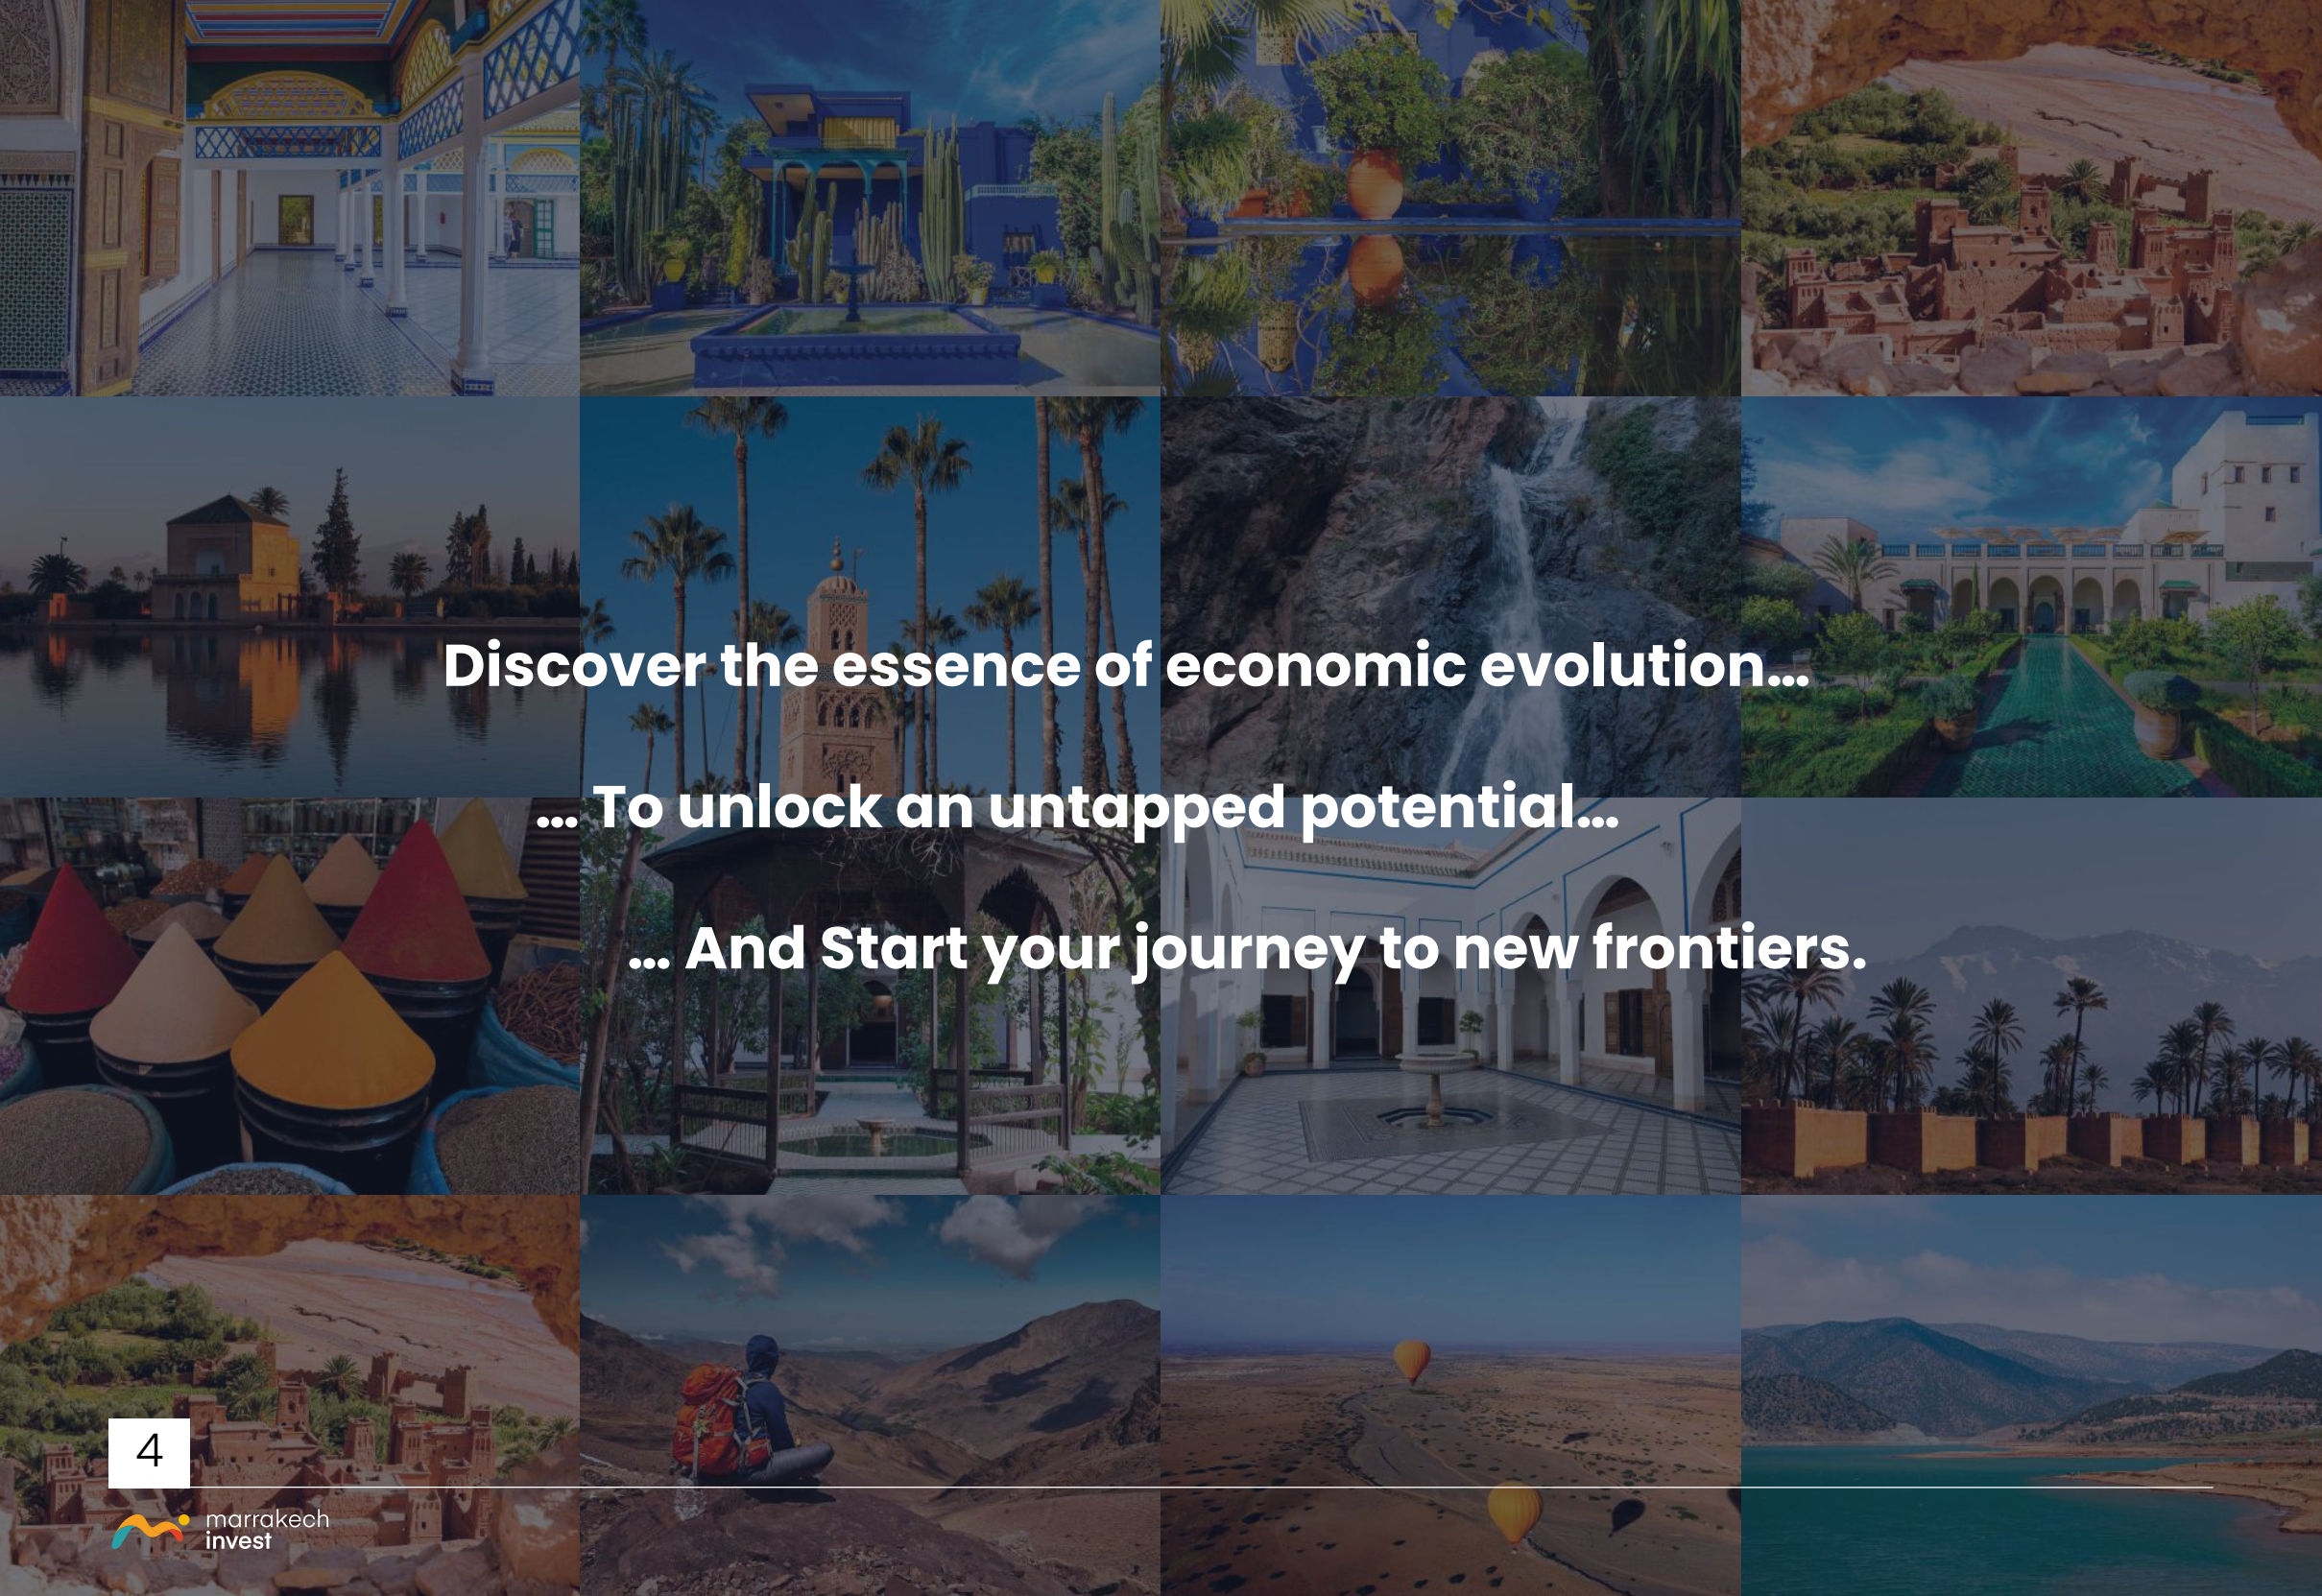

"Today, we are witnessing the dawn of a new revolution – one in which we seek to rise to the challenge of completing the construction of modern Morocco; a revolution through which we aim to give Moroccans the place they deserve in life, especially our young people, whom I have always regarded as the country's true wealth."

Excerpts from the Speech of His Majesty The King Mohammed VI, May God Assist Him, on the 65th Anniversary of the Revolution of the King and the People

"Today, we are counting on productive investment as a lever for boosting our economy and making sure our country engages in the promising sectors.

We expect the new investment charter to significantly enhance Morocco's attractiveness as far as both domestic and foreign investment is concerned."

Excerpts from the Speech of His Majesty The King Mohammed VI, May God Assist Him, to Parliament on the occasion of the opening of the 1st session of the 2nd legislative year of the 11th legislature

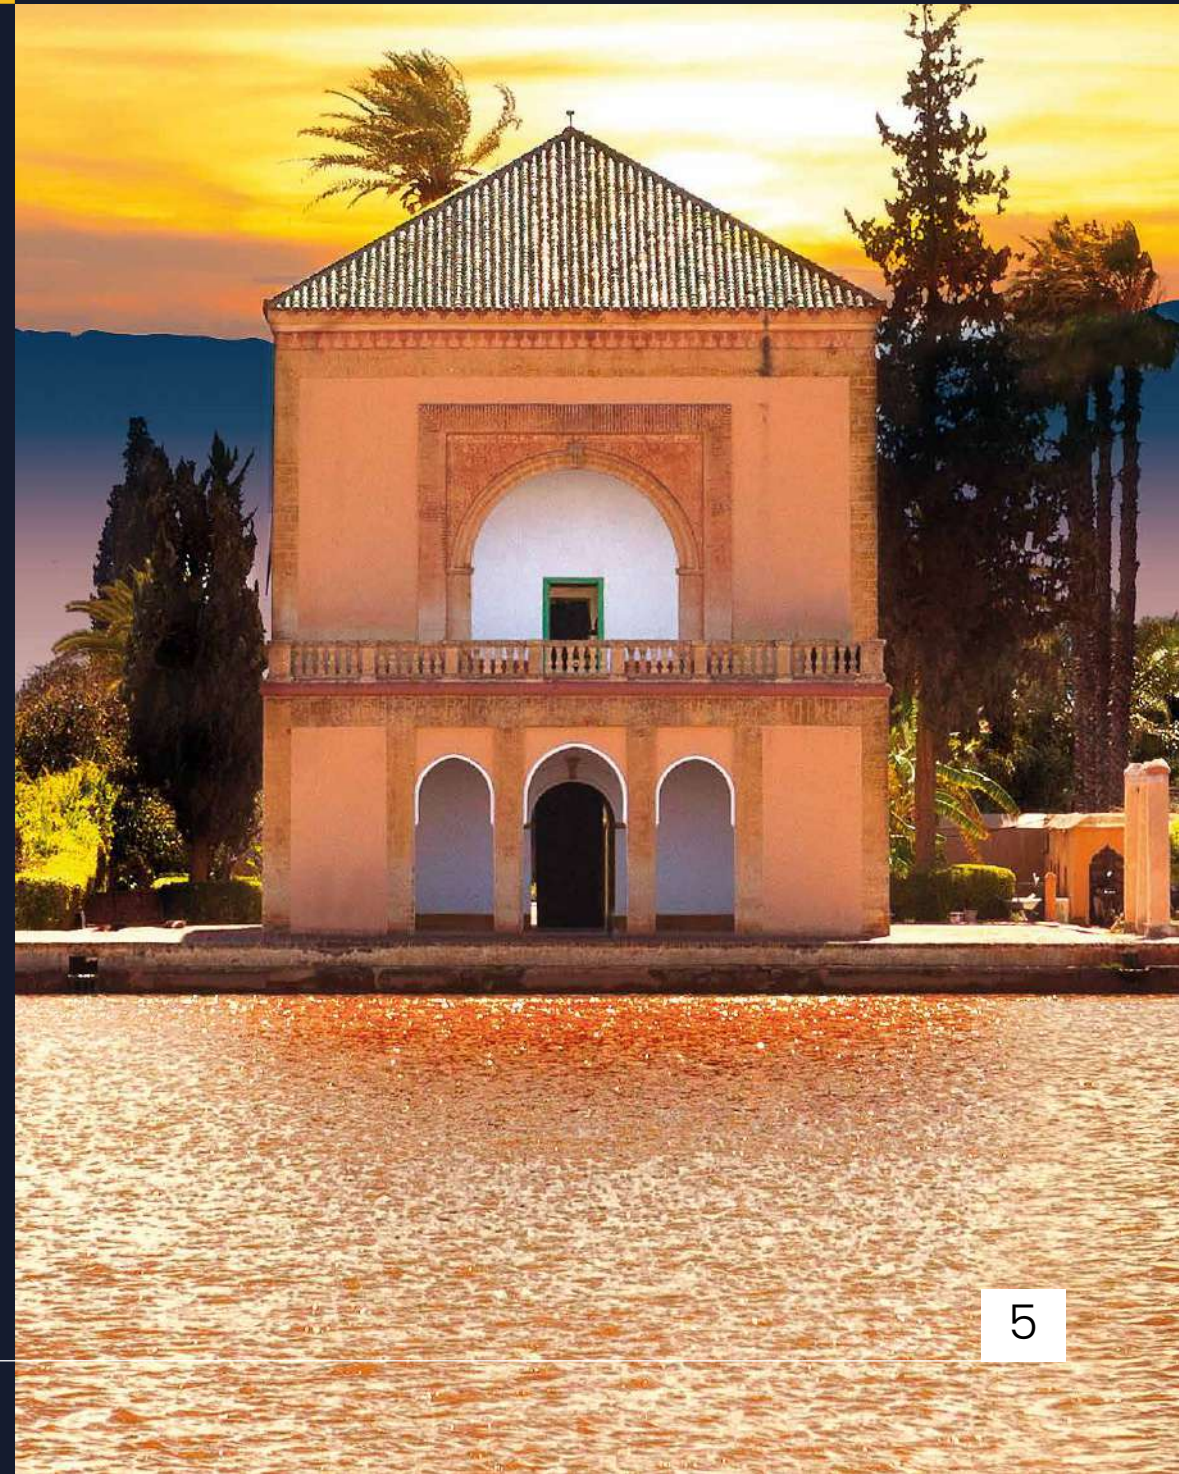

Discover the essence of economic evolution...

... To unlock an untapped potential...

... And Start your journey to new frontiers.

There is more to Marrakech-Safi than what meets the eye. Most people around the world know the magical place that is Marrakech, that steals away the heart of every visitor who discovers a world of wonders where authenticity meets the future. But what most people don't know is the multiple assets and business opportunities that go beyond history and culture. Did you know for instance that this region is home to the world's largest phosphate reserve... or that the origin of humanity can be traced back here with the discovery of fossils of the first Homo Sapiens on earth ?

Marrakech-Safi is also a hub for sustainability as illustrated by the multiple projects of wind and solar farms or the birth of the first Moroccan made EV charging station. This destination is also a hub of innovation and creative industries and this is shown by the inventions and talents from here such as the humanoid robot or the membership of Essaouira in the UNESCO's Creative Cities Network. In addition to that and thanks to its top-notch health and education infrastructure, beautiful nature, rich cultural life and culinary arts, Marrakech-Safi is one of the best places to live in.
